

Average residential ESS price per 50kW in Guernsey

What is the maximum resale price for electricity in Guernsey?

Guernsey Electricity Limited, in accordance with section 23 (2) (b) of the Electricity (Guernsey) Law 2001, hereby gives notice that the maximum resale price at which electricity can be resold by persons to whom it is supplied is *25 pence per unit. What Is A Tariff? Put simply, a tariff calculates your bill.

Are Guernsey's Electricity prices rising?

Guernsey's electricity prices stayed the same from 2012 to 2019, but have since risen significantly. These price rises mean the average Guernsey household will spend between 47% and 117% more on electricity from July compared with 2021.

How much would a low-usage household spend on electricity in Guernsey?

Using the analysis, a typical low-usage household in Guernsey would spend £637 a year on electricity from July. Depending on the region, in Britain they could expect to save between £7 and £123 a year - between 1% and 19% less than Guernsey.

Does Guernsey have electricity?

Unlike electricity companies in the UK, GEL is responsible for all aspects of electricity on the island, including generating or importing it, distributing it and billing customers. Most of Guernsey's electricity - about 90% - comes from France through a subsea cable to Jersey, supplying the island with low-carbon energy.

Does Guernsey Electricity charge a monthly charge?

Where Guernsey Electricity is required to provide a standby electricity service for 'behind the meter' non-renewable energy installations (including CHP) with generation capacity in excess of 25kW, a monthly charge will be applied. For every kW of installed capacity, we charge the standby rate'

Does Guernsey have a heat pump tariff?

There is also a dedicated Heat Pump Tariff. Guernsey Electricity reserves the right to interrupt a supply to dedicated heating tariff meters, in the unlikely event of severe network conditions for up to 30 minutes in a 24-hour period, with a maximum number of interruptions being four times per calendar year.

Solar panels can save you money on your electricity bills, but how much do they cost, and are they worth the investment? Read below to know.
