

# BESS supplier quotation in Mauritius 2026

What is BESS and how does it work?

BESS (Battery Energy Storage System) is a high-tech, ultra-fast response battery system designed to upgrade the electricity grid. It aims to make the electricity network in Mauritius smarter, more modern, and cleaner.

What is the purpose of the BESS upgrade?

This high-tech, latest technology and ultra-fast response battery energy storage system (BESS) is the first of a series of upgrades to the electricity grid in order to achieve a smarter, more modern and cleaner electricity network in Mauritius.

Where are the BESS installations located?

The CEB has two BESS installations located at Amaury Substation and Henrietta Substation. Each BESS is made up of two containers of 20ft housing 10 racks of Lithium Ion batteries for a total energy storage of 1.12 MWh and two power converters with a total installed capacity of 2.24 MW respectively.

How can I get free sample tenders from Mauritius?

Get FREE SAMPLE TENDERS from Mauritius in your email inbox. Copyright © 2014-2025 MauritiusTenders.com. All Rights Reserved. Latest Mauritius government tenders, RFP and eProcurement notices from the biggest online database of Mauritius Tenders.

How will Mauritius transition to a low carbon economy?

Mauritius is transitioning to a low carbon economy, with the Central Electricity Board (CEB) installing the first grid-scale Battery Energy Storage System (BESS). This is the first of its kind in Mauritius and enables high capacity storage of renewable energy in the grid.

Why is battery energy storage system being introduced in Mauritius?

The CEB is introducing a Battery Energy Storage System (BESS) on its network to arrest the fluctuation inherent to Variable Renewable Energy (VRE) systems. This is due to the increasing share of VRE in Mauritius' energy mix, as the country's energy transition to a low carbon economy gains momentum.

Defining Tier 1 BESS Suppliers Tier 1 BESS suppliers are recognized for their superior quality, reliability, and performance in the battery energy storage market. These companies typically meet stringent criteria that ...

Editorial The unveiling of Mauritius's 2025-2026 Budget by Prime Minister and Minister of Finance Dr Navin Ramgoolam on June 6, 2025, marks a critical juncture for the ...

As we explained in a previous article, developers of BESS projects are increasingly using a multi-contractor, split-scope contracting structure instead of the more traditional single EPC contractor approach. In this
