What is energy storage International Conference & Expo (Esie)?

Martine Xu |conference@cnesa.org Since its establishment in 2012, the Energy Storage International Conference and Expo (ESIE) has successfully held 13 editions. It is the world's leading energy storage event and professional exhibition platform. It is hailed as the barometer of China's energy storage industry development.

When is Shanghai International Energy Storage Technology Expo 2025?

Shanghai International Energy Storage Technology Expo will take place from October 9 to 12, 2025 at the Shanghai New International Expo Center, bringing together global leaders in energy storage, hydrogen energy, and renewable integration.

What is a storage Expo?

With over 500 exhibitors across 50,000 square meters and an expected 150,000+ attendees, the expo serves as a high-impact platform for product launches, technical exchange, and cross-sector collaboration, aiming to accelerate energy transformation and commercial deployment of advanced storage solutions.

What is the mission of the Energy Expo?

The Energy Expo's mission is to educate the public about energy conservation, healthy home, healthy life and renewable energy solutions and to connect consumers with marketers of related products and services. The expo brings together the business, education, government and non-profit sectors.

How will the energy storage industry evolve?

More than a hundred leading figures in the energy storage industry will convene to deliberate on breaking pathways for the new energy storage industry and uncover routes towards quality industrial development. The global energy transition is accelerating towards carbon neutrality, driving rapid growth in the energy storage market.

ASEAN Battery and Energy Storage Expo 2025: Event Profile ASEAN (Bangkok) Battery & Energy Storage Expo 2025, held on March 5-7, is a premier event dedicated to the battery and energy storage ...

ESIE will invite authoritative experts and energy storage elites from national energy authorities, local governments, grid companies, power generation groups and owners, as well as ...

EASE is glad to support the 13th Energy Storage International Conference and Expo (ESIE 2025), which will take place from 10 - 12 April 2025, at the Capital International ...

The Solar PV & Energy Storage World Expo is a key event for professionals, with 2000 exhibitors and 180,000 sq. m. of show floor in the solar photovoltaic and energy storage industries. The expo ...

# Energy storage expo

ees Europe - Europe's Largest and Most International Exhibition for Batteries and Energy Storage Systems Following the great success of 2025, we are looking forward to a strong continuation in 2026.

Why WBE The World Battery & Energy Storage Industry Expo (WBE) is a leading global platform showcasing the latest advancements in battery and energy storage technologies. Covering the ...

With the rapid expansion of the energy storage industry and the continuous enrichment of application scenarios, the demand for battery energy storage has increased significantly. This ...

More than a hundred leading figures in the energy storage industry will convene to deliberate on breaking pathways for the new energy storage industry and uncover routes towards quality ...

SNEC 9th (2024) International Energy Storage Technology, Equipment and Application Conference & Exhibition 25-27 September, 2024 Shanghai New Int'l Expo Center ...

Showcasing the key moments from the previous exhibition and conference, bringing together industry experts to explore cutting-edge developments in energy storage technology.

You can find detailed information about national and international fairs, conferences and B2B events held in many countries and cities where products or services about Energy Storage ...

World Battery & Energy Storage Industry Expo 2026: 11th Edition Committed to promoting global market trade and battery industrial chain, World Battery & Energy Storage Industry Expo 2026 has developed ...

The information you submit will be stored and used to communicate with you about your interest in Intersolar and Energy Storage North America as well as related products or content which ...

We are delighted to announce that the much-awaited ASEAN (Bangkok) Solar PV & Energy Storage Expo 2025 is scheduled to take place on March 5-7 in Thailand. This ...

The Mission and Vision of ees - electrical energy storage: Innovative energy storage solutions decouple power generation from electricity consumption. That is why they are indispensable for achieving a ...

ASEAN Smart Energy & Energy Storage Expo 2026: Overview Join us at the ASEAN Smart Energy & Energy Storage Expo 2026, where industry pioneers from Asia Pacific countries including Thailand, ...

Driven by both market and policy factors, the growth of energy storage is expected to be explosive, creating a strong demand for the industry's supply chain. Once again, the China Electricity Council will collaborate to host ...

## Energy storage expo

The 4th EESA Energy Storage Expo will focus on hot topics such as energy storage system solutions, advanced storage technologies, smart grids, hydrogen energy, and fuel cells, ...

With the rapid expansion of the energy storage industry and the continuous enrichment of application scenarios, the demand for battery energy storage has increased significantly. This article sorts out the top 10 battery energy ...

From April 10 to 12, 2025, the 13th Energy Storage International Conference and Expo (ESIE 2025) was successfully held, marking a key moment for the energy storage industry as it ...

Middle East Energy 2026 is further amplified by three co-located powerhouses: The Battery Show Middle East, Intersolar Middle East, and Energy Storage Middle East . Together, they create a ...

Shanghai International Energy Storage Technology Expo will take place from October 9 to 12, 2025 at the Shanghai New International Expo Center, bringing together global leaders in energy storage, hydrogen ...
