

Solar Inverter EPC turnkey quotation per 500MW 2026

Should you choose an EPC contract for a solar project?

Given the significant monetary value of EPC Contracts, and the potential adverse consequences if problems occur during construction, the lowest price should not be the only factor used when selecting a Contractor. As noted earlier, an EPC Contract is one of a suite of agreements necessary to develop a solar project.

Why should you choose total solar for your EPC project?

Total Solar is equally active in the development of EPC projects. We ensure that the solar panel system is designed, inspected, and then constructed so that it can harvest the maximum amount of electricity for the respective application.

Will EPC contracts provide for the handover of a solar facility?

EPC Contracts will not provide for the handover of the solar facility to the Project Company, and the PPA will not become effective until all commissioning and reliability trialling has been successfully completed.
