

Solar plus storage tender price in Australia 2026

Which solar projects have won a tender round in 2024?

The tender round opened in May 2024 and sought 6GW of renewable energy generation. In New South Wales, developers Elgin Energy and Lightsource bpsucceeded with their respective solar PV projects. Elgin Energy saw a bid for its 60MW Glanmire solar-plus-storage project, featuring a 104MWh BESS, accepted.

Which solar-plus-storage projects have been successful in Victoria?

Victoria saw several successful solar-plus-storage projects alongside the West Mokoan project. These include two from Elgin Energy and one more from Gentari. Gentari's 64MW Barnawartha Solar and Energy Storage project features a 138.8MWh BESS.

Are battery energy storage systems a renewables-plus-storage project?

Image: EDL. The first Capacity Investment Scheme (CIS) tender round in Australia successfully awarded 3.5GWh of co-located battery energy storage systems (BESS) as renewables-plus-storage projects. This was spread across 2.75GW of solar PV and 3.55GW of wind being successful in the tender round.

How competitive are storage tender rounds?

Storage tender rounds are expected to remain highly competitive, with battery capacity under development exceeding tender volumes. The first CIS auction, the South Australia-Victoria Tender for battery storage capacity, saw significant investor interest.

Is Desri constructing a solar-plus-storage project in Arizona?

US independent power producer (IPP) DESRI has begun construction on a 205MW/1,000MWh solar-plus-storage project in the state of Arizona. New Zealand renewables developer Lodestone Energy has started constructing its first solar PV project on the country's South Island, with a total generation capacity of 27.7MW.

What is Master Electricians Australia (MEA) & solar & storage live?

LEARN MORE The partnership between Master Electricians Australia (MEA) and Solar and Storage Live presents an unparalleled opportunity for electricians and installers to advance their skills and knowledge in the rapidly growing solar and storage industry.

This tender stands out for beating the recent price discoveries from plain vanilla RE hybrid tenders. This tariff discovery is the lowest ever for a solar plus storage tender, ...

AEMO Services has signed a long-term energy service agreement to secure green energy from the 243MWp Maryvale solar-plus-storage project.

Solar plus storage tender price in Australia 2026

Image: Pacific Green. Six energy storage projects, totalling 3,626MWh of energy, have been successful in the Australian government's Capacity Investment Scheme (CIS) for ...

Queensland is leading Australia's renewable energy transition, with the highest rooftop solar penetration in the country (42% of homes), a legislated 80% renewables target by 2035. ...

The German Federal Network Agency (Bundesnetzagentur) has awarded 587MW of solar-plus-storage in its latest Innovation Tender.

A solar-plus-storage project has been commissioned in Saxony, Germany, the first in the state from the recent "innovation tenders" to do so.

Tesla has announced that by the end of 2026, it expects to have around 4.5GW of grid-forming battery storage operating across Australia.

A 300MW solar-plus-storage twin project is set to be developed in North Queensland, Australia, after success in the recent CIS tender.

Engie SA secures funds for 250-MW solar project in Victoria, Australia, aiming to power 105,000 homes by 2026. Construction set to begin soon.

Fresh from finalising the large scale solar 5 (LSS5) winners, the Ministry of Energy Transition and Water Transformation (Petra) is targeting to kick off the bidding round for LSS6 in the second quarter of this year.

Latest Australia Renewable Energy Tenders, Government Bids, RFP and other public procurement notices related to Renewable Energy from Australia. Users can register ...

South Australia is preparing a long-duration energy storage tender seeking projects with a minimum of 30MW and at least 8 hours in duration.

Battery energy storage system (BESS) integrator Fluence will use its AI-powered bidding optimisation software Mosaic to co-optimize Gentari Renewables' 172MW Maryvale solar-plus-storage site in New South Wales, ...

SECI is tendering for 2 GW of grid-connected solar projects with 1 GW/4 GWh of energy storage systems (ESS). The projects, to be developed on a build-own-operate basis, ...

In a significant development for India's renewable energy sector, a solar project integrated with energy storage has recorded a tariff of INR3.32 per unit--5.8 per cent lower than ...

Solar plus storage tender price in Australia 2026

Edify Energy has submitted plans for a 100MW solar-plus-storage project in New South Wales to the Australian government's EPBC Act.

The first Capacity Investment Scheme (CIS) tender round in Australia successfully awarded 3.5GWh of co-located battery energy storage systems (BESS) as renewables-plus-storage projects.

The Energy Regulatory Commission (ERC) has released draft reserve prices for the fourth round of the Green Energy Auction Program (GEAP), marking the first time that solar-plus-storage projects will be included. The ...

A recent economic shift in Australia has made long-duration energy storage systems (LDES) more attractive to potential investors and developers, including those developing battery energy storage systems (BESS).

Frontier Energy has halted the development of its 120MW solar-plus-storage project in Western Australia and is exploring alternative funding.

Successful bids will be announced in March or April 2026. The renewable energy (Tender 5) and dispatchable capacity projects (Tender 6) must be located in Western ...

Record-low INR3.32/unit tariff set for solar + 4-hr energy storage projects in SJVN auction, 5.8% lower than SECI's Dec 2024 rate.

Success for project proposals combining solar PV with battery storage in Germany's latest multiple technology tenders for renewable energy are proof of the importance of energy storage.

The "Solar & Storage Live Australia" serves as a premier international platform for knowledge exchange, networking, and business transactions in the field of sustainable energy solutions. The Solar & Storage Live Australia will take ...

Solar Energy Corporation of India (SECI) has revealed results of a reverse auction for transmission-connected solar PV paired with batteries.

Fresh from finalising the large scale solar 5 (LSS5) winners, the Ministry of Energy Transition and Water Transformation (Petra) is targeting to kick off the bidding round ...

Queensland is leading Australia's renewable energy transition, with the highest rooftop solar penetration in the country (42% of homes), a legislated 80% renewables target by 2035. Queensland is also set for massive growth in ...
