

# Successful bid price of BESS project in South Africa 2026

How many bids were received for Bess projects?

A total of 33 bids for the five battery energy storage system (BESS) projects at transmission system operator (TSO) Eskom substations were received, of which four bids from Mulilo and one from Scatec were successful.

Who is the preferred bidder for South Africa's 123 MW retreat Bess project?

In May 2025, South African independent power producer (IPP) Mulilo emerged as the preferred bidder across four of the sites: the 123 MW Retreat BESS project at the Merapi substation, with an evaluation price of R2 477.86/MWh.

How much does a 123 MW Bess project cost?

the 123 MW Retreat BESS project at the Merapi substation, with an evaluation price of R2 477.86/MWh. Scatec, of Norway, prevailed with its 123 MW Haru BESS project at the Leander substation, with a R2 037.10/MWh evaluation price. All the projects will use lithium-ion battery technology.

What is Eskom's Hex Bess project?

Image: Eskom's HEX BESS project is the first of the utility's own-build battery storage projects. Source: Eskom. South Africa's Ministry of Electricity and Energy has announced the list of bids received for Bid Window 3 of the Battery Energy Storage Independent Power Producers Procurement Programme (BESIPPPP).

How will Bess projects impact South Africa's Energy Security?

As South Africa continues to grapple with frequent blackouts and load shedding, these BESS projects will help mitigate risks and contribute to the country's energy security. The Gainfar Project will be connected to the Ngwedi substation, while the Boitekong Project will be connected to the Marang substation.

How many MW is a Bess project?

The three windows have cumulated 1,744 MW in output power across windows of 513MW, 615MW, and 616MW, each with a four-hour duration. Electricity and Energy Minister, Dr Kgosientsho Ramokgopa said in the announcement that the five BESS projects will require a total investment of ZAR 9.5 billion (US\$530 million), with costs falling 40% from Window 1.

Red Sands will be Globeleq's first large-scale Battery Energy Storage Solutions (BESS) project in South Africa where the Group also owns and operates eight renewable plants (six solar PV, ...

Meanwhile, Mulilo secured four BESS projects totalling 493 MW/1 972 MWh: Erfdeel, Retreat, Bloemhoek and Vanilla. This follows Mulilo's earlier success in Round 2, bringing its total BESIPPPP awards to 1 134 GW/4 536 ...

# Successful bid price of BESS project in South Africa 2026

Friday, 10 November 2023: Eskom unveiled the first of its kind largest Battery Energy Storage System (BESS) project not only in South Africa but in the African continent. Eskom officially opened the Hex BESS site at ...

A consortium including CIP and EDF has won preferred bidder status for three battery energy storage system (BESS) projects in South Africa.

"Standard Bank is proud to continue our long-standing partnership with Scatec as the lead arranger for the groundbreaking Mogobe BESS project. This facility represents a significant step forward in South ...

The lowest evaluation price was from Bloemhoek BESS at R1,801.24 (~\$100.6)/MWh, while Retreat BESS had the highest at R2,477.86 (~\$138.3)/MWh. The preferred bidders were selected after a detailed ...

This downward price trajectory is already evident for lithium-ion batteries, currently the most deployed battery technology." Africa's slow BESS growth In terms of Africa, ...

Oslo, 30 May 2025: Scatec ASA has been awarded preferred bidder status for the Haru BESS Battery Energy Storage Project totalling 123 MW/492 MWh in the third bid window of the ...

The projects will attract a total investment of R4.7 billion. South African Entity Participation of around 42.23%, and BEE ownership of 40% has been achieved across both ...

What's more interesting in South Africa is that local companies have a significant role in these BESS projects. While the first window saw international companies like Scatec, ...
