

Successful bid price of enterprise ESS system project in Australia 2025

How many CIS bids are there in Australia?

There were 6 successful bids for major energy projects. This totals 1,075 MW of reliable capacity. The first pilot of the CIS was launched in 2023 as a partnership between the Australian and NSW Governments. The second pilot tender was applied in South Australia and Victoria and covered dispatchable capacity.

What is ESS market report?

ESS Market Report Covers Energy Storage Companies in Australia and is Segmented by Type (Battery Energy Storage System (BESS), Pumped-storage Hydroelectricity (PSH), and Other Types) and End User (Residential, Commercial, and Industrial, and Utility-Scale).

How many new battery and virtual power plant projects did CIS tenders select?

The joint tender selected six new battery and virtual power plant projects that will deliver more than 1 GW of capacity in the National Electricity Market (NEM) and create 400 jobs. The subsequent CIS tenders are presented in the following table.

When do CIS tender 3 project bids close?

Stage A for CIS Tender 3 project bids closed on 18 December 2024. Projects were assessed against the eligibility and merit criteria and shortlisted projects were invited to submit a Stage B - Financial Value Bid on 20 March 2025. Stage B closed on 1 May 2025. Successful bids are anticipated to be announced in September 2025.

Why is a Bess project a good investment in Australia?

The increase in energy consumption, driven by rapid electrification, data consumption and AI, coupled with Australia's supportive regulatory policies and record low renewable energy capital expenditures (capex) costs, have fuelled a competitive environment for quality BESS projects.

How much does a ltesa project cost?

Stoney Creek and Griffith BESS projects have secured maximum LTESA contract terms of 14 years each, while the PHES project's LTESA contract term was for a maximum of 40 years. The average price stood at \$135,000/MW/year, and \$15,000/MWh/year and an equivalent annual annuity of 95,000/MW/year and \$10,000/MWh/year.

Since our last update on the Capacity Investment Scheme (CIS) in May 2024, the Australian Government has released a Market Brief on the upcoming CIS Tender 3 which is scheduled to open for registrations and bid ...

Clean Energy Associates (CEA) has released its latest pricing survey for the battery energy storage system (BESS) supply landscape, touching on pricing and product trends. The consultancy's ESS Pricing Forecast
