

Successful bid price of flow battery system project in Greece 2025

How many mw subsidized battery storage in Greece?

Home » News » Renewables » Greece awards 188.9 MWfor subsidized battery storage in final auction Greece's third energy storage auction has been completed,with nine projects selected and a capacity of 188.9 MW.

How many projects have been awarded in Greece's first battery energy storage system?

The Greek Regulatory Authority for Energy has confirmed that 411.8 MWof projects have been awarded in the country's first standalone battery energy storage system (BESS) tender,which has attracted huge interest among developers. Investment and operating aid will be granted to 12 projects put forward by seven proponents.

What is the highest subsidy for a battery project in Greece?

The highest awarded subsidy came at EUR58773/MW/yearand refers to a 7.9 MW/31.6 MWh project located in the same region. Greek firm Hellenic Renewables,which is a subsidiary of Helleniq Energy,offered the lowest successful bids for two battery projects of 25 MW/100 MWh each.

Which energy plants will be installed in Greece?

The rest of the list comprises Amber Energy (18 MW), Plain Solar (7.9 MW), Enercoplan (25 MW), Arkadia Storage (10 MW), Heliothema (10 MW) and Ardassa Energy (18 MW). The facilities will be installed in the Western Macedonia region in northern Greece and in the municipalities of Megalopolis, Tripoli, Gortynia and Oichalia in the Peloponnese region.

How many battery storage projects are being auctioned this year?

The pipeline of prospective battery storage projects now approaches 27GW,with over 500 projects granted a storage license. With support for 1GW of battery capacity to be auctioned 3 tranchesthis year,the results for the first auction of 400MW have been announced with a few winners,but lots of losers.

How many energy projects did helleniq & Intra Energy bid for?

Helleniq Energy and Intra Energy (Intrakat) are each behind threeof these 12 projects,PPC Renewables bid successfully for two projects,while Aenaos (Mytilineos),Energiaki Techniki Anaptyxiaki,Energy Bank,and one energy community bid successfully for one energy storage project each.

The projects of the winners are slated for commissioning by the end of 2025. The tender looks at the establishment and operation of a battery system in Halkidiki in Northern ...
