

Successful bid price of solar plus storage project in Italy 2025

How many solar project proposals are there in Italy?

From pv magazine Italy The first solar energy auction under Italy's new incentive scheme for renewable energy, the "transitional" FER X program, has attracted 1,387 project proposals with a combined capacity of 17,537 MW, according to Italian energy agency GSE. Prequalified project developers have until Sept. 12 to submit final offers.

When will Italy's new energy storage capacity procurement auctions take place?

Terna's thinking ...The date is set. The first of Italy's new energy storage capacity procurement auctions (MACSE) will take place on September 30, 2025, Terna's president for grid development strategies, Francesco Del Pizzo, has confirmed.

How much does a solar plant cost in Italy?

Developers submitted maximum discounts ranging from 2.01% to 7.91% off the auction ceiling price of EUR0.078175 (\$0.084949)/kWh. The lowest accepted bid was EUR0.07199/kWh for a 2.7 MW solar plant in the province of Ancona, central Italy.

How can I get involved in the Italian solar market?

Get involved in the Italian solar market by attending the debut edition of Solar & Storage Italia- taking place 8-9 October. Italy's solar market has grown from 4,000 MW in 2005 to over 26 GW in 2023, driven by strong policies and cutting-edge technologies.

How many MW of solar power will Italy offer?

The auction also accepted proposals for wind power projects, which totaled 2.87 GW. No bids were submitted for hydropower or residual gas from depuration processes. Italian authorities expect to allocate more than 600 MW of solar photovoltaic capacity through the auction.

How much does a solar project cost?

The PV projects range in size from 1.7 MW to 40 MW. Developers offered a maximum discount ranging between 2.01% and 7.91% from the auction ceiling price of EUR0.078175 (\$0.084949)/kWh. The lowest bid came in at EUR0.07199/kWh and was offered for a 2.7 MW solar facility in the province of Ancona, central Italy.

Germany's latest innovation tender for 583 MW of renewable energy projects was oversubscribed by 218%, with bids totaling 1,856 MW, according to data released by the federal network agency Bundesnetzagentur. ...

Emeren Group Ltd, a leading global solar project developer, owner, and operator, has announced the successful sale of additional two Battery Energy Storage Systems (BESS) in Italy to Matrix Renewables
