

Turnkey rooftop solar storage EPC contract price in Singapore

What is a rooftop solar system?

Our rooftop system allows you to make optimal use of your existing rooftop spaces to generate solar energy. By choosing us, every part of your solar journey will be taken care of, and your business' energy needs will be met at competitive rates through a Power Purchase Agreement (PPA).

What is the role of solar EPC services in commercial solar projects?

This guide delves into the crucial role of solar EPC services in delivering successful commercial solar projects, with a particular focus on the unique challenges and opportunities within Singapore's industrial sector. The engineering phase of a solar EPC project lays the foundation for a reliable and high-performing system.

Are solar panels safe for commercial buildings in Singapore?

Beyond technical efficiency, compliance with Singapore's regulatory framework is essential. Commercial buildings are subject to the SCDF's fire safety regulations, which include stringent requirements for rooftop solar panel installations.

Why should you choose solar PV installation service in Singapore?

Therefore, we strive to offer affordable solutions that help them reduce energy costs and achieve long-term returns on their investment. Payback in an average of 3-5 years and savings of over 80% on electricity consumption. We are providing solar PV system installation service in Singapore.

Why should you choose Eigen energy for solar installation in Singapore?

Eigen Energy follows strict project management protocols, ensuring that installation is carried out efficiently while maintaining workplace safety and operational continuity. One of the most critical aspects of solar installation for commercial properties in Singapore is compliance with SCDF certified fire roof regulations.

Will EPC contracts provide for the handover of a solar facility?

EPC Contracts will not provide for the handover of the solar facility to the Project Company, and the PPA will not become effective until all commissioning and reliability trialling has been successfully completed.
