

# Turnkey utility scale ESS EPC contract price in Poland

Will PGE supply ESS batteries in Poland?

SEOUL, March 25, 2025 - LG Energy Solution announced today that it has signed an agreement with PGE, Poland's largest energy sector company, to supply 981MWh of grid-scale ESS batteries between 2026 and 2027. Both companies will collaborate to establish a battery energy storage facility in Zarnowiec, Poland.

Does LG Energy Solution offer a turnkey solution?

To ensure maximum efficiency of the ESS system, LG Energy Solution is offering a turnkey solution, developed in partnership with European collaborators. The package includes containerized battery units and full EPC (engineering, procurement, and construction) services.

How do EPC contracts work in Poland?

The investment costs, in part or in full, can be repaid from the achieved and guaranteed (under the EPC contract) energy savings, through the visible difference in energy bills. The Polish guidelines for EPC contracts are assigned to public sector entities, encompassing a range of energy efficiency projects.

When will ESS batteries be delivered to PGE?

Credit: Wirestock Creators /Shutterstock. LG Energy Solution has signed an agreement to supply 981MWh of grid-scale energy storage system (ESS) batteries to Poland's energy company PGE. The batteries will be delivered between 2026 and 2027.

How much is LG Energy Solution's ESS contract worth?

The contract is worth several trillion Korean won and marks the company's first supply of Europe-manufactured LFP batteries dedicated to ESS applications. To ensure maximum efficiency of the ESS system, LG Energy Solution is offering a turnkey solution, developed in partnership with European collaborators.

What are Poland's new EPC guidelines?

The new EPC guidelines offer a structured approach to improving energy efficiency, particularly in public sector projects. This move is a part of Poland's strategic energy policy, aiming for a more sustainable and efficient energy use across the country, and reinforcing the nation's commitment to energy efficiency and climate goals.

We are integrators of Tier 1 battery energy storage systems. We offer fully integrated systems with in-house energy management systems (EMS) and advanced microgrid controllers. With over 650 MWh installed and ...

The NGEL division of India's National Thermal Power Company is tendering engineering, procurement, and construction (EPC) contracts for two BESS. NGEL has issued a tender for the EPC of a grid-connected 250
